Website: www.durc.com.au

Dear Players, Parents, Coaches, Managers and Umpires,

Registrations for the 2016 netball season with Dundas United will now be available online through the Mynetball website. By taking registrations online, we are hoping to simplify the registration process and payment.

Don't worry, if you don't have access the internet, you will still be able to register manually on the 31st January, 2016 at Curtis Oval between 10am and 1pm.

Online registrations will be active on the MyNetball website from the **Monday 23 November, 2015** to the **Wednesday 10 February, 2016**.

2016 Netball Fees

The 2016 Netball Fees are outline below. This year, in addition to the regular ENRA and Netball NSW increases, the Club has included an administration component to the registration fees. As a result you will notice a \$10-\$15 increase in fees. The introduction of this fee is to accommodate the costs associated with the ongoing running of the Club such as online fees, banking fees and club events.

Age Group	Registration Fees
Modified (7-10years)	\$165.00
Junior (11 – 15 years)	\$200.00
Cadet (14 – 17 years)	\$210.00
Seniors	\$235.00

What is MyNetball?

MyNetball is an exciting technology platform designed to improve Club and player experience in the sport of netball. Netball Australia, in conjunction with the Member Organisations, has developed a system useable across all areas of the game.

MyNetball aims to bridge the gap between administrators, competition organisers, clubs, associations, players and fans in a format that will connect the netball community.

From players, to umpires and coaches, committees and fans, MyNetball will give everyone the tools they need to maximise their netball experience by giving you greater control.

Benefits of MyNetball

- Less administration for Clubs
- Online registration and online payments
- More intuitive competition management
- Greater access to results and fixtures through various technology platforms
- Integrated ability to communicate to Clubs through email and SMS
- Ability to compile e-shots to members quickly and efficiently
- Automated umpire scheduling with availability settings
- Increased flexibility over the look and information on your websites
- Better people management and ability for participants to manage their own contact information
